- Reminder on the project (objectives, WP, timeline, etc...) (Marta Torres, IDDRI) [20-min presentation]
- Country-by-country presentation on project achievements and future plans [**10-min max. presentation according to template provided by IDDRI** + 10-min Q&A per country]
- Wrap-up and priorities [15-min]

Facilitator: Henri Waisman

15:30-16:00 **Coffee break**

16:00-17:00 **Investment pathways, a strategic addition to the activities in DDP-BIICS**

- Why this piece? (Richard Baron, 2050 PP)
- Proposal description (Megan Argyriou, Climate Works Australia)
- Discussion

Facilitator: Lola Vallejo

17:00-18:00 **Feedback on the progress in the international DDP initiative**

- DDP-LAC (Chris Bataille, IDDRI & Daniel Buir, Tempus Analitica)
- Other emerging DDP initiatives around the world (Henri Waisman, IDDRI)

18:00 **End of the Day**

WEDNESDAY, 16 OCTOBER - Sectoral roadmaps day

9:00-11:00

Break out session 1: AGRICULTURE AND FORESTRY

Preliminary results at country-level (India, China, Brazil, Indonesia): sharing and discussion

[Facilitated by Johannes Svensson]

Break out session 2: TRANSPORT

Preliminary results at country-level (India, China, Brazil, Indonesia): sharing and discussion

[Facilitated by Yann Briand]

11:00-11:30

Coffee break

11:30-13:00

The Industry sector:

- Approach to the Industrial sector: IPCC developments & Dashboard (Oliver Sartor & Chris Bataille, IDDRI)

[25-min presentation + 15-min group discussion]

- South African preliminary results and prospects for upcoming work (Hilton Trollip/Bryce McCall, UCT)

[15-min presentation + 20-min feedback and discussion]

- Next steps for industry-related work within DDP BIICS (Henri Waisman, IDDRI)

[15-min]

Facilitator: Marta Torres

13:00-14:00

Lunch

14:00-17:00

Global Narratives: Cross-country analysis from nationally-defined global narratives and brainstorming

(w/coffee
break)

- IDDRI analysis + Country inputs + Group reflections

17:00 – 18:00

Developing economy-wide deep decarbonisation scenarios: brainstorming about approaches and tools

Objective: to agree on a reporting structure, the DDP BIICS Dashboard

- How do we bring everything together into a consistent economy-wide scenario, both all the sector-level analysis and the global narratives?
- How do we connect our national results with key socio-economic indicators?

[Inputs by Henri Waisman & Chris Bataille, IDDRI, followed by group discussion]

Facilitator: Marta Torres

From 18:00...

Group activity & Dinner

THURSDAY, 17 OCTOBER - Policy day

9:00-10:30

WP2: Policy packages development

- Activities, deliverables planned for WP2
- Current policy scenarios – why and how? Progress to date and next steps

[Inputs by Marta Torres, IDDRI, followed by group discussion]

Facilitator: Lola Vallejo

10:30-11:00

Coffee break

11:00-13:00

Domestic stakeholder engagement

Risks and opportunities of different engagement strategies at country level

[10-min max. presentation per country according to template provided by IDDRI]

- Focus on federal climate authorities (Presentations + Discussion)
- Focus on other key stakeholders (sub-national authorities, private sector) (Presentations + Discussion)

Facilitator: Henri Waisman

13:00-14:00

Lunch

14:00-15:00

International Policy engagement strategy in DDP

Discussion: how to enhance DDP policy impact from an international perspective?

- What can we expect from the current international debate on the Paris Agreement? (Michel Colombier&Lola Vallejo, IDDRI) [5-min]
